ABOUT OTIC GROUP

Otic Group is a diversified AI powerhouse accelerating Africa's digital transformation. Otic Group brings together **Otic Technologies, Otic Foundation, Otic Rwanda, and Otic Institute of Emerging Technologies** working as one to build a globally competitive, inclusive AI ecosystem from Uganda for the African continent.

DEFINING OUR PURPOSE

Vision

A thriving AI ecosystem in Uganda.

Mission

To cultivate an inclusive, innovation-led AI ecosystem—laying the foundation for Uganda's digital economy and equipping the workforce for the future of work and industry.

FOCUS AREAS - OTIC TECH

Otic Technologies is the innovation engine of Otic Group, delivering AI training solutions and outsourcing services that enhance workforce capabilities and drive digital efficiency for African enterprises and communities.

Corporate AI Consultancy & Training

Training corporate organizations and the public sector across industries in:

- Customized AI use cases
- Agent AI Building & Deployment

Business Process Outsourcing

Allowing businesses focus on their core functions as we support them with:

- Data Digitization
- Data ETL (Extract, Transform, Load) Processes
- Data Analytics
- MIS Development
- AI-Powered Insights & Predictive Analytics
- AI-Driven Process Optimization
- Intelligent Automation using AI Agents

Offshoring

Connecting companies with vetted experts in:

- AI & ML Engineering
- Data Annotation
- Agentic AI Building
- Data Science & Analytics
- Backend, Frontend, UI, UX, DevOps & more

FOCUS AREAS - OTIC FOUNDATION

Otic Foundation is the community focused arm championing grassroots AI advocacy, digital inclusion, and equitable access to emerging technologies.

National Free AI Skilling Initiative (NFASI)

Free AI Skilling program across different regions in Uganda, equipping learners with foundational AI skills adding to their exposure and relevance in the evolving world.

University AI Programs

Free AI Skilling for students in universities across Uganda, equipping them with specific AI skills shaping their career choices.

Advocacy

Lobbying the public sector and private sector for a national AI strategy & policy.

Otic

FOCUS AREAS - OIET

OIET | OTIC INSTITUTE OF EMERGING TECHNOLOGIES

A center for advanced learning and research in AI, data science, and frontier tech for the future of work. AI impacts every sector differently, and our programs take a deep dive to show you how. Courses include:

Intelligent Finance
Certificate in AI for Credit Scoring & Financial Decision-Making

Smart Insurance
Certificate in AI for Advanced Insurance Underwriting & Customer Retention

Tax Intelligence
Certificate in AI for Tax Fraud Detection, Audit Optimization & Compliance Analytics

Risk Intelligence
Certificate in AI for Risk Management & Risk Intelligence

Predictive Marketing
Certificate in AI for Predictive Marketing & Customer Analytics

Cyber Intelligence
Certificate in AI for Fraud Detection & Cyber Threat Analysis and Response

OTIC RWANDA

Otic officially expanded into Rwanda marking a strategic milestone in the organization's long-term vision in building a globally competitive, inclusive AI ecosystem across the African continent.

Otic Group's impact and mission also align closely with Rwanda's ongoing Second National Strategy for Transformation (NST2) and the East Africa Community Regional Digital Transformation Strategy, both of which prioritize youth empowerment, regional integration, and tech-enabled economic growth.

Otic Rwanda provides services in:

- Delivering Enterprise Skilling and AI Business Process Outsourcing.
- Grassroots AI Literacy and digital inclusion and equitable access to emerging technologies.
- Sector specific certifications in AI including finance, insurance, marketing among others and applied research in frontier technologies

OUR TRACTION

Endorsement

Through its efforts, Otic has achieved official endorsement from the Government of Uganda as an AI implementor and educator in the country.

Community

We presently have an online community of over **15,000** AI talent, tech leaders and AI enthusiasts with several already matched to remote jobs

Trained

Over **5500** learners have successfully passed through our training programs in the corporate sector, institutions of learning and our countrywide AI skilling programs

Beyond Borders

Otic has successfully scaled beyond Uganda to begin operations in Rwanda, advancing our goal of transforming the African continent through AI.
